LAB THE LOUNGE

CREATORS WELCOME

LAB THE LOUNGE PROCEDURES

High School students are welcome to reserve the Young Adult Lounge for creative uses such as photography, sound production, crafting and more!
Visit our website for a full list of available materials and options.
Have an idea of a unique way you'd want to use the room?
Email us at ya@fppl.org

How To Reserve
Reservations are available via the library calendar.
Users should indicate their preferred use of the space to ensure adequate setup and material availability.

Staffing
While YA staff will be present to monitor the space and provide instruction/assistance, users are welcome to create whatever they wish during their reservation. The YA staff is here to help and guide, not create for you. As such, reservations are only available when there is adequate staff available.

Who can use this service:
The use of the Lounge is still restricted to High School Students at this time.

"I'm an adult and there aren't any teens here right now. Why can't I use it?"
We understand. However, as teen advocates we would not like to set a precedent for younger or older individuals that infringes on our teens and their dedicated space.

How many?
The Lounge is available for checkout by two high school students at a time.
If they would like to include more than two participants, they should contact the YA department directly to ensure that adequate spatial distancing and monitoring is available. The max number of users is 4.

FOREST PARK
PUBLIC LIBRARY

LAB THE LOUNGE

When is it available?
The Lounge is available for 1 hour reservations M-F, as noted in the library calendar.
The room and equipment will be cleaned between sessions, which may require space between sessions.

Cleaning
The materials and equipment will be cleaned between groups.

Guidelines:

- Participants must practice spatial distancing and recommend safety measures.
- While we recognize that some may wish to record ASMR sound clips, there is no food allowed in the lounge at this time.
- Video Game users should indicate the game they'd like to play prior to their reservation so that staff can run any updates or storage maintenance in advance. If not, the time required to do either could potentially take away from the reservation time.
- Users are expected to use equipment safely and with respect.
- Users may choose to bring in supplemental materials to use for their session, the following are **not** permitted: musical instruments, personal gaming consoles aside from Nintendo Switch
- The library is not responsible or any personal equipment used by participants.

The library is not responsible for the content recorded by participants, however, we do ask that participants adhere to the Library's Code of Conduct required by all library visitors.

Contact:
For questions, please contact the department at ya@fppl.org or
